## **Import Documentation, Process & Procedures....**

**.....Chaos to Control....**

**What's this about?** For those involved in importing merchandise into the U.S, this program allows you to gain an in-depth understanding of the import process - from negotiating terms with foreign sellers, understanding import documentation and product classification to making an entry with U.S. Customs.

**Why?** Understanding the import regulations is vital for anyone who plays a part in the process. This program will provide the basic building blocks you will need to develop & maintain your company's import compliance program. It will cover the practical entry requirements and operations, principles of import compliance and the basic elements that Customs & Border Protection expect from every importer. If you want to ensure company efficiency and compliancy, this program will provide you with the necessary information.

### **Topics of discussion:**

- Incoterms – How they affect the import process
- Defining all parties involved in the import transaction
- Understanding the U.S. Customs clearance process
- Documents to control the import process
- The role of Trans-Border and what you should expect!
- And much much more!

### **Remember....**

Trans-Border offers these seminars at no cost!

The duration of our programs run between 45 and 60 minutes in length!

### **Ok...so who should attend these seminars?**

- Traffic Managers / Compliance Officers / Sales & Finance Managers / Import Managers
- Customer Service Managers / Purchasing Managers / Shipping & Receiving Personnel
- Anyone involved with international sales/shipping
